Career Transition Programs and Services

An organization’s great asset is its people. However, circumstances and organizations change, through restructuring, workforce planning, changing market conditions, mergers or acquisition. Managing these changes and their impact on employees, your brand and business moral presents not just challenges but endless opportunities that a tailored solution will help you to make reality.

Our specialist industry experience, resources, and expertise have made Logistics Executive, one of the industry’s leading providers of Career Transition and Outplacement services.

Career Transition Services and Outplacement Programs
Logistics Executive is a full service Executive Recruitment Search and Business Performance consulting provider operating with its own offices in Australia, Asia (including Hong Kong, China, Singapore, India), the Middle East and Europe.
Logistics Executive has been providing Professional Career Transition / Outplacement services for more than a decade and conducts a range of programs tailored each to individual needs and company requirements.
Logistics Executive conducts a range of Career Transition Programs and tailors each to suit individual needs. Our belief is that Career Transition is not just about helping the individual manage the disruption and uncertainly following a change in their employment but completing the cycle by helping them re-enter the workforce. Much of this is achieved by linking the executive to our recruitment services in the specialist fields we operate – Supply Chain, Logistics, Transport, Manufacturing, Aviation, Freight, Retail and Healthcare.
