

Inspire. Grow. Enhance.

Powering organisations to develop capacity, capability and increase the performance of executives creating more effective, strategic leaders within the organization are just some of the benefits of Logistics Executive Group's Organisation and Executive Coaching programs.

As leaders, we know how important it is to keep improving your skills. Our individual, team and group-focused leadership coaching solutions uses one-to-one conversations and guided questioning to unlock inner potential. It helps managers deal with change and find solutions to business problems using their own resources. It's an effective way of creating a high performance culture in your organisation.

Global research shows that 90% of organisations with over 2,000 employees use business coaching, with 95% say that coaching has delivered tangible benefits to their business. Organisation coaching programs bringing realistic and achievable professional goals and creates a platform for measurable results linked to the CEO objectives.

Individual executive and enterprise requirements are catered for with bespoke program content. Coaching programs include an initial agreement between the stakeholders (the selected Executive / Counterpart, their Sponsor / Direct Report and the Coach) including key focus points, engagement principles and targeted outcomes. Programs typically consist of monthly 2-3 hour coaching sessions and stakeholder briefings for a period of 6 to 12 months, often for longer duration.

Key Benefits:
